

SWAYAM VERMA

Bhopal, Madhya Pradesh, India | +91 95892 57347 | swayamverma.08440@gmail.com

PROFESSIONAL SUMMARY

Software Developer with hands-on experience in Java, Spring Boot, and REST API design, backed by strong fundamentals in Object-Oriented Programming and Data Structures & Algorithms. Built and deployed full-stack applications integrating third-party AI services (Groq AI) and secure JWT-based authentication, through a backend development internship and independent full-stack projects. Strong analytical and problem-solving mindset with a proven track record of collaborative learning and technical community engagement.

PROFESSIONAL EXPERIENCE

Backend Developer Intern

March 2026 – June 2026

Zintrix Technologies | Internship

- Built and maintained backend functionalities using Java, Spring Boot, and REST APIs, applying object-oriented design principles to support reliable service performance.

Google Student Ambassador – Gemini AI

August 2025 – Present

Google (via Ping Digital Broadcast Pvt. Ltd.)

- Selected through a competitive, nationwide program to represent Google AI initiatives on campus, reflecting strong communication and merit-based selection.
- Led workshops, awareness sessions, and community engagement programs focused on AI technologies, strengthening public speaking and collaborative teaching skills.
- Facilitated AI adoption and technical learning for students through hands-on demonstrations and knowledge-sharing events, demonstrating a continued passion for learning and technical mentorship.

PROJECTS

Virtual AI Doctor

Spring Boot, JWT, Groq AI

- Developed an AI-powered healthcare platform supporting multilingual symptom analysis and intelligent consultation workflows, combining backend engineering with applied AI integration.
- Designed and implemented secure REST APIs with JWT-based authentication, ensuring reliable and protected data handling across the platform.
- Integrated Groq AI for medical assistance, consultation history tracking, and automated notification services, demonstrating practical experience applying AI/ML-adjacent technology to a real-world use case.

Developer Portfolio Platform

Spring Boot, Brevo API

- Built and deployed a full-stack portfolio platform featuring a responsive frontend and a scalable Spring Boot backend.
- Integrated the Brevo API to enable real-time contact form communication and automated message processing, improving reliability of user-to-developer contact workflows.

TECHNICAL SKILLS

Programming Languages	Java, Solidity
Backend Technologies	Spring Boot, REST APIs
Core Concepts	Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), Problem-Solving
Cloud & Enterprise	SAP ABAP Cloud (basics)
Tools & Platforms	Git, Postman, IntelliJ IDEA, VS Code

EDUCATION

Bachelor of Technology (Computer Science & Engineering)

Technocrats Institute of Technology (Excellence), Bhopal — Rajiv Gandhi Proudhyogiki Vishwavidyalaya (RGPV)

2023 – 2027 | CGPA: 7.98 / 10

CERTIFICATIONS

- SAP Certified Back-End Developer – ABAP Cloud
